## EDUCATION

🎓 Diploma in Computer  
Science from University of  
Technology Malaysia 2023

## CAREER OBJECTIF

Dedicated Computer Science graduate with a creative academic background and a fondness for problem-solving and web development. Looking for a challenging entry-level position in the field of computer science to apply my skills and knowledge in the real world.

## ACHIEVEMENT

As a musician always find it difficult to learn isolated tracks of an instrument. With my knowledge in computer science, I Built a mobile app for Android and iOS users that isolates any instruments for any song and also detects the key of the songs. It has been very helpful for musicians to practice their favourite songs.

## SKILLS
